OVERVIEW

The AONIC 215 True Wireless Sound Isolating™ Earphones feature studio sound quality in a small package.

AONIC 3 Sound Isolating™ Earphones feature striking full-range sound in the smallest earphone design from Shure.

The first dual-driver hybrid earphone from Shure, AONIC 4 Sound Isolating Earphones feature warm, detailed sound through a combination dynamic and balanced armature design and unique acoustic pathway.

Engineered from decades of experience in earphone development, AONIC 5 Sound Isolating Earphones feature spacious, remarkable sound with clean, natural bass through three high-definition balanced armature drivers.

State-of-the-art, unparalleled audio is delivered through four custom-engineered drivers – each tailored to blend precisely with the others. Customizable sound signatures for balanced, warm and bright audio is enlightened listening at its finest. Pure bliss for the refined ear, available in four striking color options.
